Judge Sparks Warns of Third Ap-
pearance—Ernest Pitman Also on
Trial on Larceny Charge

Isaac Walls, age 20, of near Carthage, was arraigned this morning in juvenile court on a charge of encouraging delinquency, upon which he was arrested last month, and the evidence was heard, resulting in the court giving him another chance, with the warning that a sentence would be inflicted upon his next citation to appear in court.

Following the disposal of this case shortly before ten o'clock, the jury was brought in, and the case of the state against Ernest Pitman charged with larceny, got under way, and was occupying the court today.

In the juvenile court case, many witnesses were used, and the defendant was charged with encouraging two boys living west of Carthage, to steal chickens, but the defendant denied the charge, and stated that one of the boys had suggested the theft of the chickens.

The defendant and one of the boys stopped along the road, near the residence of Clarence Henley, and the defendant was in the act of picking up two hens, according to his testimony, when his conscience told him not to do it, and he let them down. Mr. Henley saw him, according to his testimony, and by agreement accepted \$5 upon condition that he would not report the circumstance.

Judge Sparks lectured the youth, and told him that it was not very often that he suspended a sentence upon the second visit to his court, as Walls was already under a suspended sentence for an alleged theft of coats from a church in Arlington.

Judge Sparks stated that he did not hold the youth responsible for giving the man the money, but stated that the man had committed a penitentiary offense by accepting it, or entertaining such an offer.

Before suspending the sentence, Judge Sparks warned the youth that there would not be any suspension for his third appearance in court.

Walls, it will be recalled, is the member of Company C, Rushville's national guard unit, who was shot and seriously wounded by a companion at the Staunton coal fields, while on military duty last fall. He told the court that the wound has

NATIVE OF BAVARIA DIES AT AGE OF 48

Jacob Emmert Expires At His Home
In Clarksburg This Morning—
Prominent Farmer

FUNERAL FRIDAY, 2:30 P. M.

Jacob Emmert a prominent farmer and stock raiser, well known in this county, expired this morning shortly after midnight, at his home in Clarksburg, death being caused from a severe attack of grippe. The deceased was a native of Germany, and was born in Bavaria, April 19, 1839 and was almost 84 years old.

The deceased was a member of the United Presbyterian church and the Masonic lodge at Clarksburg. His wife expired in July, 1901, and the deceased is survived by five children, Mrs. L. D. Hamilton, Mrs. Omer Hadly, Clinton B. Emmert and John L. Emmert, all of Clarksburg, and Mrs. Lewis J. Newhouse of Rush county, and a brother, J. P. Emmert of Lawrenceburg. The deceased also is survived by three grand children and one great grandchild.

The funeral will be held Friday, afternoon at 2:30 o'clock at the late residence in Clarksburg, and interment will be made in the Knights-town cemetery.

Cool, Clear Day Promised As Easter Parade Setting

Washington, March 29—The Easter Sunday fashion parade probably will have a cool, clear day for a setting, the weather bureau stated today. However, it refused to make a definite forecast. Hope for fair weather rests on the probability of rain over the Washington, forecast area Friday or Saturday. If it rains on either or both days, there is reasonable assurance of clear weather for Sunday, it was stated.

PREPARING FOR FIRST CONVENTION

Rush County Federation Of Clubs
Will Meet At Social Club Friday
April 20

PARTIAL PROGRAM IS MADE

Musical Numbers And Out-Of-Town
Speaker In Addition To Several
Local Women

The Rush county Federation of Clubs has about completed arrangements for the interesting program to be given at the county convention to be held in this city April 20. The county meeting will open with a reception and musical program at 10 a. m.

Other musical numbers will be scattered throughout the program, besides a talk by out-of-town speaker, who will present the parent teacher's movement.

Talks on various civic and educational matters will be given by local women and those who appear on the program are Mrs. Lon Stewart, who will talk on Child Welfare; Mrs. Thomas M. Green, representing the Woman's Council; Miss Mary Sleeth will present the needs of the library; Mrs. Lewis Sexton will talk on something in reference to National Garden Weeks.

The ladies expect to make the luncheon at the noon hour one of the most interesting features of the program with toasts, readings, and round table discussions on club work. The McCoy girls will serve the lunch at 50 cents a plate.

Every club woman in the county is urged to attend every session. Those wishing lunch reservations are requested to notify Mrs. C. A. Dugal 824 North Morgan street, as soon as possible. The afternoon session, which will begin at one o'clock, will be open to the public.

CONDITION OF ROAD PLEASES MOTORISTS

Many Compliments Heard On Way
State Highway From Here To
Indianapolis Has Been Kept

GOOD TO CINCINNATI ALSO

Many compliments have been heard in the past few weeks regarding the condition of the state highway from Rushville to Indianapolis, commonly known as the Brookville road. During the past month it has been the equal of a paved boulevard.

It is said that the change in the road has been due to two men replacing two who had the maintenance work in charge. Those who use the road frequently are hoping that in this instance the old adage that "a new broom sweeps clean" will not apply and that the new men on the job will show enough interest to keep the road in good shape by doing the right thing at the right time.

The other end of the road, from Cincinnati to Brookville, is equally as good, according to automobile travelers who have driven to Cincinnati lately.

The condition of this road, it is pointed out serves to demonstrate what can be accomplished with gravel roads if they are properly cared for in an intelligent way.

PLANS TO STUDY IN LONDON

Harold McClannahan Will Spend
Three Months Abroad

Harold McClannahan, who has been visiting his parents, Dr. and Mrs. R. F. McClannahan in this city for a few days, will return to New York City today, where he has been living for the past few years. He will sail from that city June 20 for London where he will study under the great pianist, Tobias Macchay, for three months. He will return to this country in September.

Mr. McClannahan is head of the music department of Riverdale Boy's school at New York, having formerly had a studio in New York City.

PLEADS FOR THE YOUNG MAN

Homar Cole, Teacher, Says They
Are Entitled to Advantages Same
as Their Elders

Close to seventy-five members of the Young Men's Circle of the Main Street Christian Sunday school, and their friends, attended the annual class banquet in the basement of the church Wednesday evening and following the banquet, short talks were made by the Rev. L. E. Brown, George C. Wyatt and Homer Cole, the teacher, and Will Jay told some stories and gave several readings that won the applause of the banqueters.

The Rev. Mr. Brown pointed to the important relation which young men hold to life and recalled that when the nation was in peril, or when there was work to be done, they were always called on to do it. The Rev. Mr. Brown said that very few of the Civil War veterans could be mustered together now, but that when the call for volunteers went out in the sixties, they were the young men and they responded.

Mr. Wyatt referred to the responsibilities that rest on the shoulders of the young men, pointing out that they were the ones who would carry on within the next few years. He appealed to them to "play the game square" and always remember the other fellow.

Mr. Cole pleaded for the rights of young men to be recognized by their elders and said that the young man was as much entitled to the advantages that come with advanced civilization as the older man who uses new ideas in his business.

MERGER OF PACKING CONCERNS COMPLETED

Final Technicalities Of Purchase
Of Morris Assets By Armour
Interests Finished

PRICE PUT AT \$27,000,000

Chicago March 29.—Merger of Morris and company and Armour and Company into a \$550,000,000 packing concern, the largest in the country was officially completed today.

Final technicalities of the purchase of the Morris assets by the Armour interests were effected through the North American Provisions Company, a joint subsidiary. Representative of both firms met and signed articles of consolidation. The purchase price was announced as approximately \$27,000,000. Refinancing in addition to that already effected, is provided.

Consolidation of physical assets of the companies began about two weeks ago. In addition to other final details agreed upon, Armour and Company will take over Morris employees and make good their pension rights.

LOCAL POSTOFFICE IS NOT EFFECTED

Appropriations Not Sufficient to
Maintain Payrolls in All Offices
of Nation

TO SUSPEND MANY CLERKS

Almost Every Office in This Vicinity
Will be Crippled Until July 1
Money Is Due

An order issued by the postal department, reducing the number of employees in practically all of the offices of the country, effective April 1 and to be continued for three months until July 1, will not affect the Rushville office, according to A. L. Riggs, postmaster, who says that the local office is now operated as economically as possible, and with the smallest number of carriers and clerks possible.

The reason assigned for the order is that the appropriation for the postal department is running short, and will not be sufficient to tide the department over until the beginning of the new fiscal year, July 1, and some provisions had to be made to keep within the allowance.

The order cutting down the forces, has not been received here, although several cities in this vicinity have received such notices, compelling two or three clerks and carriers to be released for the three months period, and causing a condensed system in the service.

The office in Rushville is handled now with a crowded calendar every day, and the city carriers are delayed on their routes, making it evident that an added carrier is really needed here. Some portions of the city, located within a block of the postoffice are not served with mail until after one o'clock in the afternoon.

The order affected the postoffice at Seymour, a city similar in operation to Rushville, by cutting off two employees, one a carrier and the other a postal clerk. It means that Seymour will have two business deliveries instead of four, and that the residence carriers will make their regular morning trips, and in the afternoon dispatch parcel post. The carriers also will deliver parcels in the business district, which is usually done by the parcel post carrier who acts as substitute carrier, the same as in Rushville, and who will be dropped from the service until July 1.

The bulletin from the postoffice department at Washington, and which has been mailed to most of the offices, excepting Rushville is as follows:

.....that after April 1 all overtime carriers, clerks and other employees must be discontinued for ninety days. In addition the appropriation for nearly every postoffice for the remainder of the fiscal year ending June 30, has been curtailed with the result that some employees are to be temporarily released from duty, while others will be required to double up on the work to permit the mails to move with the least possible delay. The bulletin says that appropriations for both clerical and carrier auxiliary are substitute

No Marriage Licenses Issued Since March 1

Dan Cupid, the fellow who makes the love matches, has evidently abandoned Rush county, or at least, Loren Martin, county clerk, is of that opinion. The big marriage license book, with only one remaining sheet for an application, is getting dust-covered. Perhaps people are superstitious in taking the last sheet, for at any rate March has set the low record, as only one couple has secured a license, and that was on the first day of the month—just four weeks ago today. Mr. Martin however, is prepared to take care of a rush when it comes, as a bright new shining book lies ready as soon as the lone sheet in the present record book is used.

TO MISS GOD'S LOVE TOO GREAT A PRICE

Cost of Enjoyment of Sin Outlined
by The Rev. Gibson Wilson at
Presbyterian Church

PEOPLE DWELL UPON FEAR

Have a Horror of Eternity in Lost
World Instead of Thinking of
The Joy of Heaven

To miss the love of God and heaven forever is too great a price to pay for the enjoyment of sin, the Rev. Gibson Wilson, pastor of the First Presbyterian church, declared in a sermon on "The Terror of Missing God's Love" at the pre-Easter services Wednesday evening. The Rev. Mr. Wilson described the effect on men and women when that love enters.

Great preparations are being made for the Easter services, which will close the two weeks of special meetings.

The Rev. Mr. Wilson chose for his text, "Herein is love, not that we loved God but that he loved us," First Epistle of John, 4:10, and spoke in part as follows:

Perhaps most of us would admit that we have thought more about how terrible it would be to meet up with God's justice, than we have thought about how terrible it would be to miss his love.

We dwell more upon the fear of spending an eternity in a lost world than we do upon the joy of spending an eternity surrounded with the blessedness of heaven.

One of the surprising things in Dante's book, "The Inferno" is that the characters which he depicts as being in hell are characters that are living at the time he is writing. He has pictured the fact that man is in hell by his own volition and has created the environment in which he is to live in eternally. The sad thing

NO TRACE FOUND OF MISSING LOCAL BOY

Mr. And Mrs. Edwin Megee Have No
News Concerning Whereabouts Of
Their Son William, 22

MISSING MORE THAN 3 WEEKS

No trace has been obtained by Indianapolis police for William Megee 22-year-old son of Mr. and Mrs. Edwin Megee, 317 West Third street, this city, following his disappearance from his rooming house in Indianapolis, three weeks ago last Tuesday.

The Rushville man, who has been employed in that city for several months, left his rooming house in a mysterious manner, and has not been heard from since. His parents negotiated the assistance of the Indianapolis police in an effort to find him, but so far their search has proved in vain.

As far as was known here, he was in good health, and no reason could be assigned by the family for his sudden departure. The fact that his clothing and surplus money was left in his rooming house, causes the suspicion to arise that he might have met with foul play with going to or from work at the Udell Machine works.

METHODIST SAM SPEAKS TONIGHT

S. E. Polovina, Native of Austria,
Will Deliver Sermon at St. Paul's
Church

"THE BEARING OF THE CROSS"

Rev. H. W. Hargett Says There is a
Cross For Everyone at Wednes-
day Night Service

S. E. Polovina, better known as "Methodist Sam", will be the speaker at the St. Paul's Methodist Episcopal church tonight, in connection with the pre-Easter services being conducted in that church for the past two weeks. Special musical numbers will also be on the program tonight.

Mr. Polovina, who is an Austrian, spoke to the congregation of the church a few weeks ago, and needs no introduction as to his ability as a speaker. At last night's services a male quartet from Milroy Methodist church gave a special musical number.

The pastor, Rev. H. W. Hargett, took for his text at Wednesday evening's service "Bearing The Cross", found in John 19:17 He said in part:

In Mark 15:21, it is stated they compel one passing by Simon Cyrene, the father of Alexander and Rufus to go with them that they might bear his cross. In the art gallery at Antwerp there is a series of pictures representing Christ on his way to the cross. In the first he seems strong and exultant. In the second he bends under the weight of the cross. In the third he seems almost ready to fall. In the fourth he has fallen under the weight of the cross. In the fifth Simon of Cyrene is bearing his cross.

"The long hours of physical suffering, the treatment to cruel scourging were more than the physical nature of Jesus could endure. Upon the Jew from the north coast of Africa was placed the cross. No great honor could come to any man than that of aiding the Savior of men in bearing the cross of the world's Saviour of sin. Here a parable of the Christian's honor and blessedness. Must Jesus bear the cross alone while all the world goes free? No there is a cross for everyone and there is a cross for me."

COUNTRY HOME IS DESTROYED BY FIRE

Charles Schagel Homestead North-
east Of Glenwood Catches From
Defective Flue

SOME OUTBUILDINGS SAVED

The Charles Schagel homestead, located a mile east and a half mile north of Glenwood, was destroyed by fire Wednesday afternoon about 2:30 o'clock when a defective kitchen flue is believed to have set fire to the dwelling.

The building was occupied by Mr. Schagel's son-in-law, Robert Marshall and family, and Mrs. Marshall was the only one home at the time. Neighbors rushed to the place, but the fire gained rapid headway, being fanned by a northwest wind. Some of the household gods were saved, but the tennant lost about \$400 in household goods, without insurance.

The dwelling, which was a large story and a half structure, was partially insured. A smoke house, containing a quantity of meats and a woodshed were destroyed, but the barn and other outbuildings were saved on account of the direction the wind was blowing.

The blaze attracted many farmers, and people from Glenwood also went to the assistance of the people.

ONE SUIT COVERS ISSUES

Miss Fairbanks Contesting Will Of Her Father, Chas. W. Fairbanks

Indianapolis, Ind., March 29.—All issues involved in the dispute regarding attorney fees to be paid by Adelaide Fairbanks to Charles T. Hanna and Thomas A. Daily in her contest of the will of her father Charles W. Fairbanks, former Vice-President of the United States, have been combined in one suit in Federal court.

Suit for \$300,000 brought by Hanna and Daily in Superior court which was transferred to Federal court was dismissed by Judge Albert B. Anderson Tuesday. The case will go on trial on the suit filed by Miss Fairbanks asking cancellation of the contracts between herself and Hanna and Daily.

Daily was a state senator in the last session of the legislature.

TO ESTABLISH A BUS LINE

May Get Ten Double-Decker Busses To Be Used In Indianapolis

Indianapolis, Ind., March 29.—Ten double-decker busses of the type used in New York and Chicago to Indianapolis to establish a bus line, if consent of the city government is obtained, J. E. Morand president of the Metropolitan Bus Line company announced today.

Mayor Lee Shank is understood to have expressed his approval of the plan. If it is approved by the board of public works and the park board, the line will be a reality, Morand said.

A ten-cent fare would be charged. If the traffic becomes sufficiently large, Morand said, the company would establish its own construction plant here for the manufacture of the conveyances.

TWO CAUGHT AFTER BATTLE NEAR LAUREL

Shots are Exchanged With Bootleggers and Three Others Escape in The Darkness

50-GALLON STILL IS FOUND

Brookville, Ind., March 29.—Two men were captured following a pistol battle two miles west of Laurel early Wednesday. The shots were exchanged when officers raided a moonshine still. Three other men at the still made their escape in the darkness. The men held gave their names as Charles Rowe and Clarence Wynn. They are said to be residents of Coopersville.

Sheriff VanCamp and six deputies raided the still about 2:30 o'clock in the morning. The moonshiners opened fire as the officers approached and the officers returned the fire. Several shots were exchanged but no one was injured. Two members of the party at the still were taken into custody by the raiders.

According to the officers the men at the still were preparing to manufacture a batch of moonshine. The officers confiscated a 50 gallon still with all equipment, 14 barrels of mash, eight five-gallon milk cans and six five-gallon jugs.

The still was found in a dense woods two miles west of Laurel and officers state that it was almost impossible to reach the scene. The men who escaped were aided probably by being familiar with the land around the camp.

The two men held probably will be arraigned in the Franklin county circuit court late this afternoon. Search is being made for the other three alleged to have been at the still.

TO MISS GOD'S LOVE TO GREAT A PRICE

Continued from Page One
is that he has left out all the yearnings of the soul for God and its heavenly home.

I would present another picture. "Now before the feast of the pass-over when Jesus knew that his hour had come that he should depart out of the world unto the Father, having loved his own which were in the world, he loved them to the end." And that very night Judas betrayed him and Peter denied him while the voice of Jesus was sounding in their ear that he loved them. I believe the thing that caused Judas' remorse was that he had trampled under foot the love of Jesus for the last time.

It was the realization of that love that broke Peter's heart and brought him back.

The terror of that love is that the memory of it never dies out. It remains unchangeable and those who have spurned it must spend an eternity, regretting what they have missed.

If you want to get a full idea of God's love, read John 3:16. That love was for a lost world, and the world has deliberately turned its back upon him.

Hear his death cry that the wicked turn from his evil way and live. You can't experience that love and be the same person you were before.

It will cleanse your language. It will purify your speech, renew your thoughts. It will take down the vul-

gar pictures on the walls of your home. It will put something better in their place. If we can get our city to see it it will give us a better Rushville.

To forever miss the love of God and heaven is too great a price to pay for the enjoyment of sin.

TRAVELED 3,000 MILES JUST TO GET A BATH

Los Angeles, Mar. 29.—Nita Naldi, movie actress, came 3,000 miles to get a bath.

Nita, of "Four Horsemen" fame, was working in a Paramount picture in New York City. The picture called for a beach scene. The company went out on Long Island, and waited for a moderate day. But the snow came down, and the thermometer too, and it was so cold that Nita simply couldn't do her stuff on the beach with any semblance of enjoyment—and going into the Atlantic's icy waters was just impossible.

Finally the management decided they couldn't hold up the picture any longer. They figured they'd either send the company to Florida or Los Angeles, and as all movie equipment was ready at hand at the Lasky studio here, they sent the company across the continent. The day after they got there Nita went down and got her bath in the ocean at Venice.

About a dozen members of Ivy Lodge 27, Knights of Pythias of Rushville, attended the district meeting of the Knights of Pythias at Knightstown Wednesday night, when about 200 members from this district attended the annual meeting. The meeting was pronounced as one of the best, and practically every order was represented, with Rushville and Milroy, the only two lodges in the county, being well represented.

GETTING UP NIGHTS

This is One of Nature's Danger Signals. E. E. Mullen Tells Experience.

E. E. Mullen, No. Kenosha, Ohio, says: "For 10 years I have been troubled with kidneys and bladder. I had to get up 5 or 6 times each night. I had taken many kinds of medicine, but Lithiated Buchu (Keller formula) is the only kind that gave me any relief. My bladder is normal and I have only used the remedy for three weeks. If you want further facts, write me."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out, relieving the bladder of many abnormal deposits. These tablets cost 20 apiece. The price makes it possible to place in the formula several drugs which are useful for relief. The formula is on the package. It is not likely you have ever taken anything similar. Try a few tablets for backache, stinging, scanty or high-colored urine, and frequent desire at night.

Be sure to get the Keller formula Lithiated Buchu at all drug stores, or write Keller Laboratory, Mechanicsburg, O., or locally at Pitman & Wilson's—Advertisement.

HOME RAIDED BY A WOMAN SHERIFF

Hector Fields Pleads Not Guilty To Two Liquor Charges When Arraigned At Liberty

STILL FOUND IN OPERATION

Liberty, Ind., March 29.—Hector Fields entered pleas of not guilty when arraigned in the Union circuit court on two liquor charges Wednesday. Judge Cecil C. Tague fixed his bond at \$1,000 on each charge and the man was remanded to jail after requesting for time to consult an attorney. The charges were unlawful manufacture of liquor.

Fields was arrested about 10:30 o'clock yesterday morning when his home here was raided by Mrs. Emma Ponder, sheriff of Union county; Deputy Sheriff Charles Smith, Bailiff Monroe Freeman and Prosecutor Elmer F. Bossert. A still was found in operation in the house. A 10-gallon cooler was on a stove and the contents were hot when destroyed by the officers. A half-gallon of alleged moonshine whiskey, a copper coil and 60 gallons of mash were confiscated by the officials.

Sheriff Ponder, who bears the distinction of being the only woman sheriff in the state, led the raiding party, going to the front door of the house and reading the search warrant to Fields while other members of the party watched the other doors. The raiders went armed and fully prepared for a gun-battle which failed to develop however.

BODY OF THE DIVINE SARAH LAIN TO REST

Dignitaries of France, Representatives of Foreign Governments in Federal Courts

RICH AND POOR IN PROCESSION

By WARD MILLER
(U. P. Staff Correspondent)

Paris, Mar. 29.—A solemn funeral cortege wound through Paris streets today, carrying the body of Beloved Sarah Bernhardt to its rest among the immortals at Pere Lachaise cemetery.

Dignitaries of France, representatives of foreign governments, rich and poor, the stage that the "Divine Sarah" graced and the countless thousands that applauded her triumphs all were represented in the slow moving procession.

For a brief while the actress lay in state in the little church of St. Francis des Etuves. The coffin was completely draped in long black and silver hangings. Inside, it was filled, ceiling high in spots, with flowers.

Bernhardt had the "many, many flowers" she called for on her death bed. Long after the funeral carried her on to the cemetery where she will lie for a while before the final resting place at her own Belle Isle is ready for her, admirers came to the church with huge bunches of flowers and countless wreaths of white lilies and roses.

CLOSING ARGUMENTS MADE

Gary Liquor Conspiracy Case Draws To a Close Today

Indianapolis, March 29.—Closing arguments in the Gary liquor conspiracy case involving officials of the Calumet steel region were made today before Federal Judge Ferdinand Geiger.

Six hours was allotted each side with additional time for rebuttal. It was expected, however, that the arguments would be completed today and the case would be submitted to the jury tonight or tomorrow morning.

Mayor Roswell Johnson of Gary, one of the principal defendants, closed the testimony for the defense at a session of the court lasting late last night.

service is so nearly exhausted that allowances for this purpose for the June quarter must be eliminated in many of the smaller offices and must be reduced from 60 to 90 percent, in the larger offices. The condition is brought about, it is stated, because of an unprecedented increase in the volume of mails which could not be anticipated by heads of the department, by congress or the director of the budget.

It should be emphatically impressed upon employees that this is no measure of economy for the purpose of reducing expenditures, but an actual condition confronting the department which can be successfully met only by their loyal and faithful co-operation. It was recommended that window service be combined or curtailed, if necessary, to make the necessary reduction in expenditures.

not healed yet, and that the physician has warned him against manual labor.

Following the disposal of this case, the jury was brought in, and the case against Pitman got under way. He is charged with stealing mink hides from O'Neal brothers store in this city on January 8.

The plea of the defense will be an alibi, according to the attorneys, as the defense is represented by Raymond S. Springer of Connersville, Tipton and Tipton of this city, and the state by Gates Ketchum, prosecutor.

Many witnesses were here for the case, as the defendant is a well known young man, living east of Orange, in Fayette county. It was expected that the case would be completed late today.

PLAN TO CHANGE THE GOVERNMENT

Communists Program Was To Supplant Present System in United States With Their Own

DEVELOPED IN EASTER TRIAL

Charles E. Ruthenberg, Defense Witness, Makes Admission While Being Cross Examined

St. Joseph, Mich., March 29.—Prosecutors, cross-examining Charles E. Ruthenberg, defense witness in the William Z. Foster trial, brought out that the program of communists if carried out, would change the entire system of government in this country.

O. L. Smith, assistant attorney general for Michigan, questioning Ruthenberg, chief witness for the alleged communist, on a trial charged with violation of the Michigan syndicalist law, asked:

"Is there anything in the doctrine of communism which would transform and change the government of Michigan?"

"Yes, as a part of the change in the form of government of the United States," the witness answered.

"Is the government of Michigan and Berrien county considered, capitalistic by communists?" the prosecutor asked.

"In so far as it is an integral part of the general capitalistic system of the United States," replied Ruthenberg.

The jury, composed largely of farmers, listened intently to the testimony.

Continuing, Smith asked:

"Is it not the ultimate object of your doctrine to change the capitalist system of society as it exists in Michigan, into a communist society?"

"That is correct," answered the witness.

On redirect examination Ruthenberg went into the New York meeting of a communists held a week ago Sunday.

Under questioning of Frank B. Walsh, chief defense attorney, the witness placed a different aspect on the gathering that was brought out by the prosecution.

"The purpose of the New York meeting was as outlined by John Pepper," the witness said. "Pepper talked in German and I translated the speech for the audience."

"Pepper said that the purpose of the meeting was to amalgamate the communists party with the Workers' Party."

Documents introduced in evidence by the prosecution during questioning of Ruthenberg have proven according to C. W. Gore, chief prosecution attorney that:

1.—The Bridgman meeting of communists, which resulted in indictment of Foster and associates was ordered from Moscow.

2.—That Moscow instructed the communists to invite Foster, who at that time was secretary to the trades union educational league.

3.—That the Moscow organization has ordered a convention of communists to be held in this country on a large scale.

Despite the documents presented, however prosecuting attorneys admit they have been unable to obtain any statements from Ruthenberg, seriously damaging to Foster's defense.

The witness has said Foster attended the convention at Bridgman but refused to classify the defendant as a communist or a delegate. The defense claims Foster was there merely as an observer.

Ruthenberg, calm and deliberate in answering questions, his ability to keep out of "traps" set for him in queries by the prosecution, has resulted in attracting crowds to the little court house where the trial is in progress. Before the doors opened today, a long line of spectators was waiting to obtain desirable positions in the court room.

MAY BE VALUABLE IN TEACHING THE DEAF

Radio Likely to be Used For This Purpose, Superintendent Of State School For Deaf Says

RESULT OF EXPERIMENTS

(By United Press)

Indianapolis, Ind., March 29.—Radio may become valuable in the teaching of the deaf, O. M. Pittenger, superintendent of the state school for deaf, said today following successful experiments enabling partially deaf children to hear by radio.

"Most children supposed to be deaf are not entirely deaf," Pittenger said. "There is some hearing left although not sufficient for ordinary use."

"I believe this hearing can be developed and in some cases eventually made useful. I believe the radio may prove valuable in this connection."

"Constant listening to radio may result in development of hearing," Pittenger said he does not believe it is possible to restore hearing to a person who is completely deaf, but it is possible to restore hearing to others.

The Thimble club will be entertained by Mrs. Alvan Moor at her home in North Main street Friday afternoon.

The Delphian Society meeting which was to have been held Friday afternoon at the Elks club room, has been postponed for one week.

Seventy-six relatives and friends of O. C. Leisure pleasantly reminded him of his fiftieth birthday anniversary Tuesday evening at his home northwest of the city. A bountiful pitch-in supper was served and the guests enjoyed the evening socially.

Miss Jesse Anderson entertained with a one o'clock luncheon Thursday at her home south of the city. The appointments were carried out in keeping with the Easter season and covers were laid for nine guests, including Mrs. Clifford Reddick of Louisville, Ky.

Mr. and Mrs. Frank Beecraft entertained the following guests at dinner Sunday, honoring their son John's fourth birthday, Mr. and Mrs. Walter L. Niles and son Ben L., Charles Peek, Miss Helen Peek, Mrs. Nan Peek and Miss Dorothy Beecraft.

The American Literary Club was delightfully entertained Wednesday afternoon at the home of Mrs. J. F. Miller in North Jackson street. The program given consisted of an interesting talk by Mrs. G. P. McCarty on "Woman and Her Citizenship"; original story by Mrs. John Garten; and the reading of a paper by Mrs. C. A. Dugal, prepared by Mrs. Neva Clifford. Mrs. Clifford was unable to be present on account of illness. Following the program refreshments were served and a social hour was held.

James Martin was delightfully surprised Wednesday at his home in West Third street, the occasion being his seventieth birthday anniversary. A large birthday cake adorned with seventy candles graced the center of the table and a delicious pitch-in dinner was served at the noon hour to the following guests: Mr. and Mrs. Verne Lewis, Mr. and Mrs. E. O. George, Mrs. Ella George, Mrs. Thomas Helman, Mr. and Mrs. J. S. Ricketts, Mr. and Mrs. Ben Stevens, Mr. and Mrs. Joseph Fey, Mr. and Mrs. Lon Ryan, Mr. and Mrs. Edgar Logan, Mrs. J. H. Miller, Mrs. Belle Cosand, Mr. and Mrs. Mrs. Edgar Martin, the Misses Eva and Katherine Martin and James Martin.

Mrs. Edna Dagler, president of the fifth district of Rebekah Assembly, went to Clarksburg last night to meet with Diana Rebekah lodge to make final arrangements for the district meeting which will be held at that place next Tuesday, April 3, at two o'clock at which time the business session will be held. At six o'clock supper will be served and at seven o'clock a literary program will be featured, after which the Rebekah degree will be conferred on five candidates by a degree staff picked from all over

the district, which includes Rush Shelby and Decatur counties. All members of the local lodge are urged to attend if possible.

The Woman's Missionary Society of the Main Street Christian church will observe a pre-Easter prayer service Friday afternoon at three o'clock at the following homes: Mrs. P. H. Chadwick, with the leader being Mrs. Ed Billings; Mrs. John Gray, hostess with Mrs. J. J. Amos, leader; Mrs. Myrtle Matlock, hostess and Mrs. Homer Cole leader. The members of the society are urged to attend the meetings in their neighborhood.

The Easter dance on the Elks club calendar will be held at the club rooms next Tuesday evening and music will be provided by "Duvall Brown's Bammy Boys," entertainers of wide reputation. A buffet lunch will be served during the evening.

This will be the last dance under the auspices of the present house committee as new officers of the Elks will take office at the first meeting in April, when a new house committee will be appointed and the present committee is anxious to make a good showing with its last dance.

Mr. and Mrs. Cliff Stevens entertained the members of the Edward's division of the Little Flatrock Missionary society and other guests Monday evening with a pitch-in supper at their home south of the city. The dining-table was prettily decorated with carnations and candles and those who enjoyed the evening were the members, Mr. and Mrs. O. J. Meyers, Mr. and Mrs. Ross Smith and family, Mr. and Mrs. Arthur Wilkinson and daughter, Mr. and Mrs. Blaine Reeves and family, Anderson Armstrong and daughter Blanche, Mr. and Mrs. Russell Coon, Mr. and Mrs. Will Goddard, Gilbert Stevens, Cecil Stamm and Arthur Bird, and the guests were Mrs. Dora Giffin, Mr. and Mrs. James O'Neal, Mr. and Mrs. Kenneth Kelso, Mr. and Mrs. Charley Meyer and Mr. and Mrs. Isaac Stevens.

MILROY TO HAVE AN ART EXHIBIT

School of That Place Secures Loan of 125 Famous Pictures From an Art Firm in Chicago

DISPLAY ON APRIL 12-13

Miss Helen Jaehne, Milroy School Teacher, Will Give Lecture on the Various Groups

Milroy, Ind., March 29—One hundred twenty-five prints of "world famous pictures are being loaned by a Chicago art firm to the Milroy schools for a two day public exhibition April 12 and 13. A specially prepared interpretative lecture explaining the significance of the various pictures will also be a feature of the exhibit. This lecture, which will be given by Miss Helen Jaehne of the Milroy high school, will be twice presented, first Thursday evening and again Friday afternoon. The K. of P. lodge has volunteered the use of their lodge room for the exhibit. This room is especially well adapted for the purpose as regards lighting and location.

An admission fee of 25 and 10 cents will be charged, the entire proceeds from which will be applied upon the purchase of pictures for the school building. Interest in securing some really first class objects of art for the local schools was stimulated by a recent suggestion of the state school inspector with regard to the lack of good pictures in the Milroy schools.

It is felt that an exhibit of this kind with the accompanying explanatory lecture will meet a decided need in the community; and in addition the resulting money will be invested in permanent aids to the cultivation of taste for good pictures. The hundred and twenty-five pictures will be hung in seven general groups as follows:

- Group I: The Dignity of Common-Place Work.
- Group II: The Beauty of Nature.
- Group III: Religious Paintings.
- Group IV: Allegorical Paintings.
- Group V: Paintings Suggested By Story and Legend.
- Group VI: Historical Paintings.
- Group VII: Famous Portraits of Men and Women.

SUMMER CLOTHES

By HEDDA HOYT

Fashion Editor of the United Press
New York, N. Y. March 29—

Mary looks so very cute When shopping in a jacquette suit And when she walks along the beach In skirt and sweater she's a peach.

You'll find her on the ball room floor

In organdy that you'll adore.

Some days demure and some days vampish

Her style is not the least bit crampish.

She has a Tutankamen frock That gives my system quite a shock And when she takes her morning dip I doubt if she'd pass censorship.

The fact that she has many beaux Is due entirely to her clothes

Cigars are often judged by wrappers

And so are little summer flappers.

Clothes do not always make the girl, but summer clothes go a long ways toward making them. Planning the summer wardrobe is a task which faces every woman at this time of the year. One sees so many pretty new things in the stores that one's mind is often left in a quandry.

The first question to decide before planning the summer outfit is whether one's summer is to be spent in the city or at the resorts. City life calls for entirely different clothing than resort life, and a smart seaside resort demands smarter clothes than a mountain resort.

The city girl does not go in for sports clothes very strongly nor does she need fluffy summery frocks. Her first need is the jacquette suit or the long coat to be worn over taffeta or crepe street frocks. Either of these will carry her through the first spring months and will come in handy on cool summer evenings.

Many women prefer the long coat with separate dresses to the jacquette suit, as summer usually comes in with a bounce and the suit becomes too warm, whereas the silk

dress is most appropriate for city wear during the summer months. The city girl will need one or two sport frocks for outings at nearby resorts. These need not be expensive, however.

Nothing could be prettier than the white pleated flannel shirt worn with colored flannel jackets which tie with a sash bow at the sides. For evening wear a frock of crisp organdy with slender bodice and full flaring skirt, trimmed in bands of velvet ribbon, is girlish and pretty, or a frock which uses two shades of organdy placed one over the other. An evening cape of heavy gray silk crepe with collar of squirrel or neckpiece of platinum fox is one that could do duty on afternoon occasions also.

The resort girl needs a primarily sports clothes. If she chooses a spring suit of worsted or camel's hair cut on sports lines, she can wear the jacket with white skirts later on. Many of the best dressed women at Palm Beach this season prefer mannish sport jackets to those of high grade colors. Slip-on sweaters and tuxedos are still smart for resort wear. Jaquettes of figured cretonne, colored velveteen and flannel offer a diversity of sport effects to be worn with the pleated flannel skirts of white or gray.

For morning wear frocks of gingham, printed India linen and figured cretonne are in good taste and are quite inexpensive. The typical afternoon gowns for resort wear are those of pleated cotton or silk crepe with pocket monograms.

Long white or gray cloth capes are almost indispensable to the woman who spends her summer at resorts. There are always chilly evenings at Mountain and sea resorts, when a wrap becomes a necessity. The sports type of girl may prefer one of plaid material or tan camel's hair usually if the material is heavy enough these wraps are unlined, but, if lined, colorful effects are preferred.

Life to a summer girl without a bathing suit, parasol of cretonne and cretonne bathing cape would be meaningless. Bathing suits of the

one-piece variety are not being used at Palm Beach to any great extent this year. Printed materials made into little dress effects are more popular. Where black is used for the bathing suit it is livened up with color.

LADIES! DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

BOIL ON AN ARM COSTLY TO BOXER

Bud Taylor, Terre Haute Fighter,
Lost About \$10,000 When he Was
Seized With a Boil

FIGHTS WERE POSTPONED

Had to Cancel Bouts With Johnny
Sheppard, Villa, and Harold
Smith in Last Few Weeks

By HEZE CLARK

(Written for United Press)

Indianapolis, Ind., March 29—A
boil on the left arm cost Bud Tay-
lor, the famous Terre Haute boxer,
about \$10,000. It also cost Bud a
chance at the fly and that bantam
weight championship.

Taylor was matched to meet John-
ny Sheppard, in Indianapolis, on
Feb. 27. That bout would have net-
ted Taylor \$1,500. A few days be-
fore the match a boil appeared on
Taylor's arm. He was forced to post-
pone the match with Sheppard.

Two other bouts were postponed
because of the sore arm. These were
the bouts with Pancho Villa at Mil-
waukee on March 13, for which Tay-
lor would have received \$3,500, with
a percentage privilege which it was
expected would make the Terre
Haute boxers share about \$4,500 to
\$5,000.

Six days later Bud would have
met Harold Smith at the stock yards
show, Chicago. For this engagement
he was reported he would have re-
ceived \$4,000. It is evident then that
the three matches would have netted
Taylor about \$10,000.

Taylor is now planning to get busy.
The arm is back in shape and a
dozen promoters in various parts of
the country are trying to arrange a
match between Taylor and either
Pancho Villa or Taylor and Frankie
Gennaro, the new flyweight champion.

College Men in Baseball

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 29—Opportuni-
ties that professional baseball offers
to a college graduate have been the
cause of many arguments. Opinions
are more or less equally divided.
Mathewson, Eddie Collins, George
Sisler and Frank Frisch are held up
as examples of what professional
baseball will do for a college man,
but there are a hundred examples
just as good of what it will not do.

Commissioner Landis is paid for
having the biggest opinion in base-
ball. When he was asked once what
he would recommend to a boy of
his, if the lad wanted to take up pro-
fessional baseball, he preferred not
to answer.

The best of many opinions on the
subject was given recently by Carl
Landgren, the highly successful
baseball coach of the University of
Illinois. His opinion should be worth
something. He is a college man him-
self, a successful big league pitcher.
With the Cubs he was a member of
a team that won three National
League pennants and two world's
championships.

"I would not advise any college
athlete to go into professional base-
ball, unless he is of big league cali-
ber," Landgren says. "A man of or-
dinary ability would be wasting his
time by entering the minor
leagues. But if a man does decide to

enter the big leagues, HE SHOULD
ALWAYS KEEP IN MIND THE
PROFESSION HE HAS CHOSEN
FOR LIFE—the work that he will do
off season and continue when his
baseball days are over. The national
game is a good one in which to ac-
cumulate funds to start a business
of another nature. Some men have
made their fortunes solely by play-
ing baseball. But these are the big
stars of the diamond."
That sounds like practical advice
and it is heavy.

The very few graduates of the
"Big Three" who have gone into
professional baseball have always
been used as an argument by those
who believe it is a mistake to waste
years developing a profession that
has to be abandoned before the prime
of life is reached.

Eddie Grant, who died in the Ar-
gonne forest, is the only conspicuous
success of Harvard men who have
gone into the major leagues. "Jocko"
Conlon, star catcher of the Crimson,
1922, nine, is now with the Boston
Braves.

John McGraw has the other two
"Big Three" representatives with his
New York Giants—Waddy McPhee,
from Princeton, and Jim Kernan,
Yale catcher.

McGraw seems to be going in more
and more for college players. In his
memoirs he says he prefers the col-
lege boy, because he tries to correct
his mistakes, whereas others are
prone to cover them up.

"Red Pepper Rub" is the cold
remedy that brings quickest relief.
It cannot hurt you and it certainly
seems to end the tightness and drive
the congestion and soreness right out.
Nothing has such concentrated,
penetrating heat as red peppers,
and when heat penetrates right down
into colds, congestion, aching mus-
cles and sore, stiff joints relief
comes at once.

The moment you apply Red Pep-
per Rub you feel the tingling heat.
In three minutes the congested spot
is warmed through and through.
When you are suffering from a cold,
rheumatism, backache, stiff neck or
sore muscles, just get a jar of
Rowles Red Pepper Rub, made from
red peppers, at any drug store. You
will have the quickest relief known.
Always say "Rowles".

DENIES HE INTENDED TRANSFERRING BARGES

Secretary Of War Weeks Planning
To Open Up Ohio River For Trans-
portation All Year Round

NOW DEVELOPING WATERWAY

Washington, March 29.—Secre-
tary of War Weeks denied a re-
port sent out to the effect that he
had intention to transfer govern-
ment barges formerly operated by
E. F. Goltz at St. Louis on the Mis-
sissippi to the Ohio river. Weeks
stated that the following was
his attitude on the question of the
Ohio river.

"There is a natural waterway
there. Business is already develop-
ing it from the Managahela section
from the business down the Missis-
sippi and the gulf.

"I do not mean that we intend to
put a government barge line on the
Ohio or the Monongahela. As a mat-
ter of fact the Ohio is not now de-
veloped where it can be done prac-
tically. Work is being carried on
there however, to open up the Ohio
for such transportation all the year
round.

"Some \$6,000,000 is being spent
there on dams on such developments
and private enterprise plans to open
up barge line for that service.

"I consider that the Ohio, Mon-
ongahela and the Lower Mississippi
offer the best opportunity for such
water ways transportation in the
country. There are \$56,000,000 ap-
propriated by congress to be spent
on waterway development wherever
the chief engineers and I decide and
as much as practicable of that sum
will be expended on the Ohio."

For Raw Sore Throat

At the first sign of a raw, sore
throat rub on a little Musterole with
your fingers.

It goes right to the spot with a gentle
tingle, loosens congestion, draws out
soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It has all
the strength of the old-fashioned mus-
tard plaster without the blister.

Nothing like Musterole for croupy
children. Keep it handy for instant
use. 35 and 65 cents in jars and tubes;
hospital size, \$1.

BETTER THAN A MUSTARD PLASTER

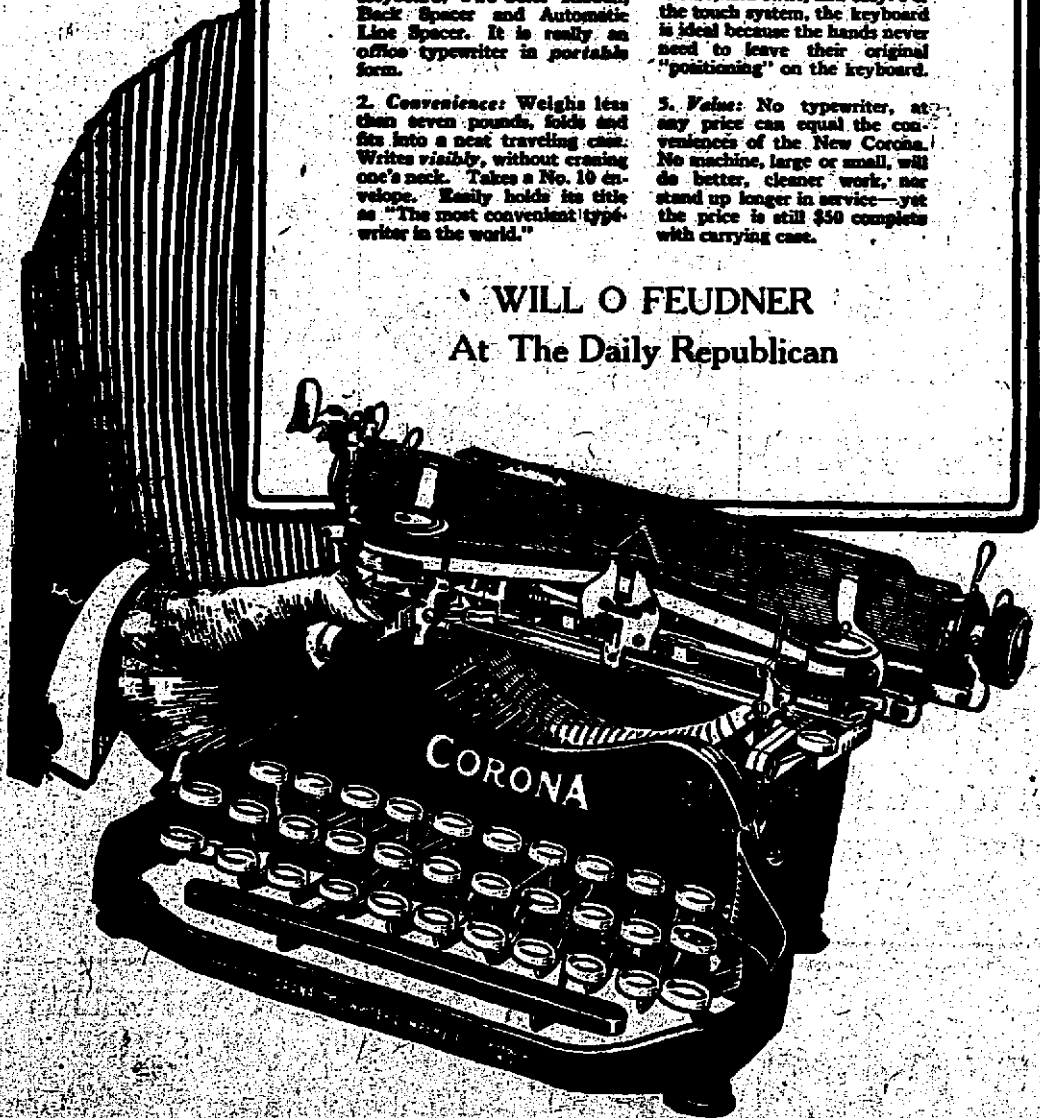

See the New Corona first!

Before you buy a portable typewriter, compare it with
Corona in these five important particulars

- 1. Simplicity:** Strongly, simply built, Corona is the only portable typewriter whose design and construction have been tested by sixteen years of service and by 500,000 users. There are no more Coronas in use than all the other makes of portables combined.
- 2. Convenience:** Weighs less than seven pounds, folds and fits into a neat traveling case. Writes visibly, without cramping one's neck. Takes a No. 10 envelope. Easily holds its title as "The most convenient typewriter in the world."
- 3. Durability:** Strongly, simply built, Corona is the only portable typewriter whose design and construction have been tested by sixteen years of service and by 500,000 users. There are no more Coronas in use than all the other makes of portables combined.
- 4. Speed:** The New Corona is built for swiftness. Its standard portable keyboard, with right and left shift keys, is the simplest of all typewriter keyboards and, therefore, the easiest to memorize and use. The action is sure, and swift, and easy. For the touch system, the keyboard is ideal because the hands never need to leave their original "positioning" on the keyboard.
- 5. Value:** No typewriter, at any price can equal the convenience of the New Corona. No machine, large or small, will do better, cleaner work, nor stand up longer in service—yet the price is still \$50 complete with carrying case.

A SUN AND SHIELD:—The Lord God is a sun and shield; the Lord will give grace and glory; no good thing will He withhold from them that walk uprightly.—Psalms: 84: 11.

Production Costs

Perhaps the most serious difficulty in the existing industrial system, is the lack of regular operation in many forms of production. It may not be possible to prevent occasional business depressions. But periods of idleness and part operation are too much of a regular thing with many concerns and industries. Any business running on such a basis is producing at a higher expense than would be necessary if it could stabilize its operations.

Periods of unemployment create labor unrest. If wage earners find that they must lie idle some weeks or months each year, they demand rates of pay sufficient to support them when they have no work. This adds to the price of their products and services.

Irregular operation of the industries is partly due to unavoidable weather and seasonal conditions. Yet it is exaggerated by the habits of the people. The tendency of the public to do things all at one time and buy from hand to mouth tends to make business run by fits and starts.

Much more coal, for instance, could just as well be bought in the spring, which would help make production costs lower. The building industry could be made more efficient in many sections, if more people would have repair and improvement work done in the winter, which would be perfectly practical on many jobs.

The tendency of the public to insist on the latest styles of clothing has some tendency to make production irregular. It must lead mer-

THIS WAS ONCE ALIVE

What is believed to be the petrified body of an Indian or Mound Builder, has been found in Cincinnati, Ohio, by Duncan Flinn, on the bank of Mill Creek. The figure is of limestone formation, with only part of the body showing. It was first believed to be a piece of rude sculpture, but geologists and chemists have proven beyond a doubt that such formation is the work of petrification. The form was found 15 feet or more below the surface and obviously it had been buried there a long time before white settlers came into that region since the earth there could not have formed by natural processes to that depth over the body in several hundred years.

chants to delay purchases, as if they buy too long ahead, their goods may go out of style.

More regular purchases on the part of the public can be promoted by offering special prices to those who buy out of season. Retail stores do a lot to promote that tendency by advertising bargain sales at off seasons. If ways could be found to make the streams of trade run more regularly, the American industrial machine could work more efficiently and deliver its products for lower costs.

Newspaper Advertising

Many students of advertising say that the country newspaper is the best advertising medium in the world. This is so because such publications are very thoroughly read.

Even a small notice can't be buried out of sight of the eagle eyes which are gleaming everything that the home paper contains. The folks are more interested in the announcements of their home town merchants, than in any piece of news in the paper, local or general.

This gives the country town business man a wonderful chance to communicate with the people at a low cost, and get their support for enterprising moves that he may desire to make. If he has an opportunity to buy a large lot of goods at a specially low price, he can feel confident that he can promptly turn them into money, because through the country paper he can inform the whole neighborhood that he has placed such a lot on sale at low prices.

PRINCE OF WALES REPLIES

Indianapolis, Ind., March 29.—A cablegram from the Prince of Wales reciprocating the good wishes for peace and concord throughout the world, expressed by Alvin M. Owsley, national commander of the American Legion, was received at Legion headquarters here today from Ambassador George Harvey at London. Owsley recently cabled the prince thanking him for the courtesy of attending a Legion carnival ball in London.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During those years he gave to his patients a prescription made of a few well known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, greasy, coated tongue, head aches, a bitter, acrid feeling, all out of sorts, itching skin, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets, the wonderful medicine for liver and bowels, and then say to their friends, "I feel like a new woman."

MARY PURNELL NOT TO APPEAR AS A WITNESS

Her Husband, "King" Purnell Is Defendant in \$80,000 Damage Suit
Brought By J. W. Hansel

TO TESTIFY IN OWN DEFENSE

Grand Rapids, Mich., March 29.—Mary Purnell will not take the witness stand in defense of her husband, "King" Benjamin Purnell, in the \$80,000 damage suit brought against him by John W. Hansel, Nashville, it was learned here.

Mrs. Purnell has disappeared and her whereabouts are unknown, except to H. L. Dewhirst, defense counsel, who says she is suffering from a cold. Dewhirst intended to place Mrs. Purnell on the stand but admitted she will not now be called to testify.

It was reported that "King" Benjamin will testify in his own behalf, although his whereabouts still remain a mystery. Dewhirst refused to discuss whether he planned to "produce" Benjamin as a surprise witness. The "King," according to counsel is the only person who can deny allegations of misconduct against him and also help Judge E. Satter interpret the four volumes of the "star" of Bethlehem and various books of the institution that have been introduced.

The Hodge-Podge By a Paraphraser with a Soul

Churches Say It Pays to Advertise

A committee of churchmen, studying the problem of how to increase interest in church work, adopted a report urging newspaper advertising.

Among other things, the report says:

"It pays in dollars to advertise. One metropolitan church increased its loose collections to \$22,000 in two years, certain other smaller churches showing a proportionate increase.

"Advertising lifts the standard of preaching and service in order to make good and come up to the advertising.

"Magazines spend large sums in taking advertisements in the daily newspapers. It pays or they would not do it.

"Advertising must be consecutive, persistent, prepared for, distinctive. If a minister does not know how to advertise, let him learn how or let him get the help of an advertising man."

Afternoon-daily newspaper advertising is the easiest, least expensive and most effective way of reaching the people anywhere at any time.

NO SHORTAGE OF SUGAR THREATENS NEXT YEAR

The Department of Agriculture Survey Shows No Reasons to Justify
Recent Price Increase

SURVEY TO BE MADE PUBLIC

Washington, March 25—A department of agriculture survey shows the prospective sugar supply for next year to be more than ample and no shortage threatens that would justify the recent price increase, it was declared by officials here today.

The survey will be made public shortly. The agricultural department will place Cuban sugar production higher than recent estimates but will show the American beet sugar crop somewhat smaller than last year.

Beet sugar production in other countries, however, will be larger. Thomas Marvin, tariff commission member declared the tariff effects on sugar as requested by President Harding will be started at once and that preliminary data has already been collected.

Washington, March 25—Investigation of relation of recent raises in sugar prices to the tariff as ordered by President Harding is insufficient to stop speculation and force prices back down to a normal level; Basil Maley, director of the People's Legislative Service said today in another telegram to the chief executive at St. Augustine Fla.

Prosecution of the profiteers who are alleged to have forced the price up by market manipulation is necessary, Manley declared.

ARREST MONARCHISTS IN THE RUHR VALLEY

French Troops Lay Siege to Three
New Towns, Placing Germans
Under Strict Rule

INCITED BY COMMUNISTS

Berlin, March 25—German monarchists are being arrested by French troops in the Ruhr valley, advices received here today stated. Three new towns—Emmerich, Wesel and Mettmann—have been declared in a state of siege by the French.

Big unemployment demands have been reported in Dresden, Gelsenkirchen, Dortmund and Essen. These are said to have been incited by communists in the region.

Germany Must Pay First

Paris, March 25—"We will remain in Essen until reparations are entirely paid," Premier Poincare told the finance committee of the chamber of deputies. The economic results of the occupation should not be considered as long as it is necessary, he added.

Ex-Kaiser's Home Guarded

London, March 25—Agitation of Monarchs in Germany has led the Dutch to order the strictest guard at the refuge of the former Kaiser Wilhelm at Doorn, according to dispatches received here.

Princess Hermine and her three children have departed for Sader in Silesia for a visit of a few weeks.

100 WAYS To Make Money

By BILLY WINNER

If I Raised Chickens—
LIKE any other person with something to sell, I would have to find a market where I could sell dressed chickens, eggs, and blue ribbon stock or day-old chicks. The size of this market, its demands, buying power, and the ease and economy with which I could capture it would determine the extent of my profits.

I would let a Want Ad in The Daily Republican find the market. The Daily Republican reaches more poultry buyers than any other medium in this section. I certainly would take advantage of this situation.

If you are about to run out of fuel, order a ton or a half ton of coke and be assured of a comfortable home.

J. P. FRAZEE & SON

LET THESE COLUMNS BE YOUR GUIDE

THE HOME GARDEN

What is Home without a Garden?

THE FAULT OF OVERCROWDING

Overcrowding, perhaps, is the greatest fault of the average garden. Because the plants are small when they first appeared above ground, he will not space them properly, because they look lonesome with an expanse of bare soil between them. However, they will grow fast, and at maturity will use all the space allowed them, and usually are growing into and over each other.

This fault should be corrected when the transplanting is done, or if the seeds are sown in the open ground, by judicious thinning. Follow directions, which are always contained on seed packets as to proper distances, to the letter. Work

with a tape measure or yardstick. The crop of many vegetables will be in proportion to the chance they have to develop. The bush lima bean is an excellent object lesson. Many gardeners have given up the bush lima as not being productive enough to justify its space. But give the individual bushes 18 inches apart, so they will have a chance, and there will be a bountiful crop with ordinarily good soil and moisture conditions.

The rule to follow in transplanting seedlings is to move them as soon as the leaves touch. The first transplanting should be done when the first pair of true leaves appear. If they are not placed at sufficient dis-

tance, and often it is not convenient to do so at this time, because of lack of space indoors or in the hotbed, be prepared to move them when the developing leaves touch. If you do not, they will begin to spindly in the struggle to reach the sunlight.

The percentage of loss is greater as the plants attain size, but early transplanting goes a long way to obviate this loss by developing strong

fibrous root systems, especially in the case of plants which, undisturbed, form tap roots, or a long root that goes straight down some distance before giving off branches. When this long root has developed far the plant receives a severe check in being transplanted, from which it takes a long time to recover.

RESIGNATION OF MRS. BARR CAUSES DISPUTE

Mrs. French Approves Resignation and Mrs. Huntington Says She is Not a Member of War Mothers

ORGANIZERS OF K. K. K. CLUB

Indianapolis, Ind., March 29.—War mothers of Indiana carried on today in their fight over resignation of Daisy Douglas Barr as president of their organization.

Mrs. Alice M. French who declared that Mrs. Barr's resignation was accepted following disapproval of her activities in behalf of the Woman's Ku Klux Klan, is not a member of the Indiana Chapter of American War Mothers, according to a statement issued by Mrs. John Huntington of Bloomington, new president.

Mrs. French struck back. "Mrs. French is not a member of the Indiana Chapter, American War Mothers, so has no authority to speak on what transpires in the executive board meetings," said Mrs. Huntington.

"The matter of Mrs. Barr's efforts in behalf of a woman's Ku Klux Klan was not brought to our notice at Monday's meeting but we accepted her resignation for the reasons her letter stated."

Mrs. French replied: "I am a member of the Founders' Chapter of the American War Mothers, having twenty-seven members. Some time ago, when we learned of the activities of Mrs. Barr and other women in the state organization and when the state organization attempted to change the name of the organization to World War Mothers, we ceased to pay any dues to the state organization."

TO EXAMINE VITAL ORGANS

To Determine If Mrs. Orsinger's Death Was Caused by Alcoholism

Chicago, March 29.—Examination of vital organs of Mrs. Elizabeth Orsinger, 28, pretty beauty, parlor proprietor to determine whether her death was caused by alcoholism following an alleged "hoohy" party was started today.

Coroner Oscar Wolf ordered William B. McNally, chemist, to make an analysis to determine possible effects of liquor which Miss Edna Watson, the young woman's companion on the "party" and Mrs. Orsinger, drank.

Mrs. A. J. Ward, LaSalle, Ill., sister of the dead girl, and other relatives told police they believed Mrs. Orsinger's death was caused by a relapse from influenza and discredited Miss Watson's story.

Mrs. Orsinger, a widow, died after she and Miss Watson "made the rounds" of cabarets with two men said to be from Dubuque, Ia.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse. I had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradfield's Remedial Company, 224-226 Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.
